Clean Sweep VSQG program for Businesses & Institutions ONLY (NO ELECTRONICS allowed)

Businesses must pre-register, provide a list of items they would like to bring, and pay for product disposal.

Please call 262-741-3116 or email walcosw@co.walworth.wi.us for more information or to request a pre-registration form.

For more information, please contact Walworth County Public Works staff by phone 262-741-3116 or by email walcosw@co.walworth.wi.us. If you want to be put on our email list, please let us know.

What is Clean Sweep? Clean Sweep is a collection of unwanted, unused or damaged household hazardous waste. This program collects and disposes of waste in an environmentally safe method through a licensed hazardous waste facility.

Hazardous Waste can usually be identified by product labels that contain any of the following words:

Caution, Warning, Danger, Poison, Toxic, Ignitable or Flammable, Acid, Corrosive, or Reactive

Check Website for proper disposal instructions at: www.co.walworth.wi.us/342/Solid-Waste-Recycling

Clean Sweep **TIPS & GUIDELINES** to speed up the Vendors product removal process:

- Read labels for safe usage, storage, and disposal of products.
- Products should be stored in your trunk, or truck bed. Electronics should be placed in the front of your trunk and HHW in the back.
- Keep products in original, labeled containers.
- Do not mix any materials in the same container, especially products containing ammonia and bleach. A toxic gas can form!
- Keep similar materials together, and place in cardboard boxes so they don't turn over.
- Prevent products from freezing.
- Remain in your vehicle.
- Whenever possible, use entire product as directed to help reduce waste.
- Do not dump leftover products in the backyard, woods, or down the storm sewer.
- Do not burn or bury leftover products.
- Do not reuse pesticide or other chemical containers for other purposes.

COVID-19 REQUIREMENTS: Remain in your vehicle and wear a mask should someone approach your vehicle. Ensure all your hazardous waste is contained in the rear area of your vehicle, the trunk, pickup bed, or trailer and not next to you or the passenger side, as staff will NOT enter your vehicle.
